

UTSA The University of Texas at San Antonio
College for Health, Community and Policy

Master of Social Work

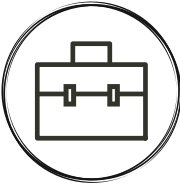

You want to be a **force for change** in your community. You believe in service and using research to affect change at the local, national and global level. Most of all, you know what it takes to be a leader and a **voice for those who need it the most**.

A career in social work is the right fit — and there is no better place to earn your degree than the University of Texas at San Antonio.

A Master of Social Work will prepare you to begin or continue your career in transformative, culturally competent social work. You'll gain specialized skills and knowledge to work across the micro-mezzo-macro practice continuum and make a positive impact in the lives of those who are vulnerable or marginalized.

You'll also **gain skills employers want**: critical thinking, research skills, problem solving and oral and written communication skills.
