

SUMMER 2027

STUDY IN NEW ZEALAND!

June 11, 2027 - June 27, 2027

Indigenous Perspectives, Public Policy,
and Community-Based Practices

Travel with fellow UT San Antonio students to Wellington, the capital city of New Zealand. You will spend two immersive weeks on the North Island exploring and examining the principles, practices, policies, and cultural foundations of restorative justice.

Taught by faculty from UT San Antonio and our host institution, Victoria University of Wellington, students will explore the opportunities and challenges associated with implementing restorative justice in diverse social, cultural, and institutional settings.

Your experience will include opportunities to engage with restorative justice practitioners, justice professionals, and Māori perspectives through active discussions and site visits. Participants will even visit the site where The Lord of the Rings trilogy was filmed between 1999 and 2003!

All UT San Antonio students and majors are welcome to participate in the program!
