1. Please briefly describe the scope of your facility/agency's work. Printed brochures or fact sheets explaining your organizational goals may be attached.

The Health Collaborative's mission is to improve the health status of the community through collaborative means. We provide information to the community so that resources that are currently in existence can be used more efficiently and effectively. Currently we oversee Project Measure Up, the San Antonio Health Literacy Initiative, Young Minds Matter, and the Bexar County Health Assessment. Project measure up is a youth obesity prevention program, the San Antonio Health Literacy Initiative, provides health literacy training for health professionals so that they can communicate with patients and the patient can better manage their health. Young Minds Matter is a program that uses a screening tool at well-child check-ups to assess the child for mental health issues. Information from the Health Assessment is used by community leaders to help shape the future of Bexar County as it relates to healthcare.
