1.4 MISSION

The owners created Stone Oak Therapy Services & Behavior Analysis (SOTSBA) for the following reasons:

- ❖ To serve as the best resource for pediatric outpatient rehabilitation services in San Antonio and the immediate area.
- ❖ To serve as the best resource for moderate to high-level functioning autistic programs and new program development.
- ❖ To serve as the best resource for children and young adults with learning disabilities.
- ❖ To serve, as a “one stop” for children’s clinical, educational and recreational needs.
- ❖ To provide employees with the support and resources needed to become the best possible therapist or educational specialist they seek to become for the benefit of the children they treat.

Children with special needs are the reason for our existence. Improving their lives and their families’ is our mission.

*In joining our team, your commitment should be to **TREAT EVERY CHILD AS IF HE OR SHE WAS YOUR OWN.***

This mission should always guide the decisions and unity of the clinical team.

Even if you don’t have children, be extremely cautious of the choice of words and tone you use before you say or do something to a child or on a child’s behalf, to a parent, colleague or in the community.

Every employee will abide at all times by the belief in the mission statement.

Our Philosophy is guided at all times by:

- ❖ Kindness in treating children.
- ❖ Objective baselines.
- ❖ Ongoing assessment of progress.
- ❖ Respect for individual learning styles.
- ❖ Parent involvement and education.
- ❖ Commitment to excellence through continuing education of staff.
- ❖ Collaboration between many specialists.
- ❖ Methodologies based on Evidence-Based Practices.
